

'WHAT CHURCH SHALL I JOIN?' TOPIC AT REVIVAL MEETING

A large crowd heard Mr. Killems last night as he preached a most interesting sermon on the subject "What Church Shall I Join?" Mr. Killems showed that there was a church pictured in the New Testament and that enough is told of this church to enable us today to pattern our church after this divine model. "The study of the church as Christ established it is necessary in this day when we are trying to find a basis for Christian union," said Mr. Killems. "There are so many churches in the world teaching different things. Some one must be wrong. There can be no true union until it is formed on the divine plan."

"We must first find when the church began. There have been various theories in the religious world. Some say that the church was established in the days of Abraham; others in the days of John the Baptist. Let us see what the Bible tells us about this. Before the days of Pentecost the church is always spoken of as being in the future. Jesus says there are some of you here who shall not see death until you shall see the kingdom come with power. This happened on the day of Pentecost. The disciples are taught to pray, 'Thy kingdom come.' We find: 'Thus it was written that Christ should suffer and rise again from the dead the third day; and that repentance and remission of sins should be preached in his name to all nations beginning at Jerusalem. The church was built on the fact of the divinity of Jesus Christ and could not be built until this fact had been proven to the world."

"After the day of Pentecost the church is spoken of as being in existence. The disciples are waiting for the fulfillment of the promise which they have heard from Jesus. It was here that they received the miraculous gift of the Holy Spirit and it was here that men were first told what to do to be saved. Peter preaches to the multitude the death, burial and resurrection of Jesus Christ. Jesus had said to Peter, 'I will give unto thee the keys of the kingdom of heaven and whatsoever thou shalt bind on earth shall be bound in heaven, and whatsoever thou shalt loose on earth shall be loosed in heaven.' Peter was to open the doors of the church and this he did on the day of Pentecost. Peter later speaks of this day as the be-

Jake Miller Hasn't Christmas Record Here—Just Listen

"Jake Miller is the finest fellow in the world," said John W. Osborn, bailiff of Division No. 2 of the superior court, yesterday, "but he hasn't passed more Christmas in Arizona than any other white man now living, as The Republican stated in its issue on Christmas day."

"My father, John P. Osborn," he continued, came with me and the rest of the family to Prescott on July 6, 1884. That makes 55 Christmas trees we have lighted in this state. But besides myself and my two brothers Neri and William, there are several others, lots of them, who have got Jake Miller beat forty ways."

"Take Ed Wells, Judge Ed Wells of Prescott, for instance. Then there are George Carey, John Ellis of Skull Valley, uncle of Charley Bowers, undersheriff, here, and a lot of women, their wives and others. They all came out here in the same year that we did."

As he was talking Billie Four of Cochise county walked up. "There's another," Osborn exclaimed. "Billie Four has been living on the west side of the Dragon Mountains since 1861. I'm afraid we are going to have to say something to Jake!"

ginning. The beginning of what? The church on earth. We hear later of the church at Rome, at Galatia, at Corinth, etc.

"The membership of the church was made up of baptized believers in Christ. The same steps that made a man saved man, made him a member of the church. Peter tells the inquiring sinners to repent and be baptized and they will be saved. We are told that the Lord added unto the church day by day such as were being saved. When a man took these steps he was in Christ or in the church. (Gal. 3:27.)

"The creed of the New Testament church was a simple creed. No drawn out written creed was ever found until men began to meet in councils and make tests for each other. The creed of the church was Jesus Christ as the Son of God."

There will be no Saturday night service in the revival meeting. A big day of decision is expected Sunday. Already 101 have united with the Christian church.

GO TO CHURCH SUNDAY

EVERY man is better for the spiritual improvement he will derive from Church Attendance on Sunday. Then too, there is the mental improvement to be absorbed from masterly sermons that develop our grasp on new thoughts of the day. Subjects which appeal to our intelligence, our emotions and our duty to brother man. The environment of soulful peace, the benediction of rest from our work-a-day activities and the enthrallment of inspiring music are potent attractions to influence the habit of "going to Church on Sundays."

MRS. ENGLAND HEADS THRIFT PROGRAM AS THE STATE CHAIRMAN

Mrs. C. E. England, prominent club woman, has been named state chairman of the thrift program outlined by the treasury department.

Believing that the influence of women in working out the great economic problems of the country to be invaluable, the savings division of the department, after a conference with the thrift chairmen of various women's organizations throughout the country, outlined a definite and concrete program in the interest of the savings movement.

The plan is as follows: January—To keep accounts. Each individual will be asked to keep an account of her daily expenses, grouping them under such items as rent, food, clothing, household service, amusements, incidentals, etc. February—To save. Each individual will make a calculation of how much was saved on living expenses in February over an equal number of days in January. In this month an effort will be made to encourage the members of the women's organizations to invest their savings in government securities.

Mrs. England has not yet begun her activities in this state, waiting upon the appointment of the district and county chairmen before she begins directing the work.

The treasury department holds that it is within the power of women to regulate the use and to control the common necessities of life because they are the buyers of necessities. They must also be the savers, according to the department, which believes that women will be one of the greatest factors in solving the present high cost of living and in establishing the permanent practice of saving money and material.

The dance is to be one of the leading features of New Year's week. A special dance program has been arranged. A large part of the proceeds will be used by the guild for its Day Nursery fund.

ISSUE PERMITS FOR 3 DAMS TO WATER 200,000 ACRES LAND

Permits for the development of water from the Verde and New rivers to cover approximately 200,000 acres of land adjacent to Phoenix in a territory said to be practically a continuation of the Salt River valley are announced by W. S. Norviel, state water commissioner.

The permits are issued to the Paradise Verde Water Users' association for the construction of three dams that will divert 151,000 acre feet of water not otherwise appropriated, and the construction of the dam is to cost \$5,800,000.

The land to be irrigated consists principally of territory about 20 miles wide lying to the northward of the Arizona canal, and it may be viewed in comprehensive fashion from the parade at the end of Central avenue.

The first dam, to furnish 51,000 acre feet of water, is to be supplied from the New river, and is to cost about \$800,000. The second dam, to take its supply from the Verde river, Camp Verde is to cost about \$3,000,000. The third dam, to be supplied from the Horsehoe reservoir site on the Verde, is to cost about \$2,000,000.

The law requires that work on all projects for which permits are granted must be started within one year from the date of the permits. The permit for the New river dam was granted two months ago, although just announced, so work on that project must be started approximately within ten months from this date.

SOME SALAD MAKER IS MNGR. JOHN ALSAP

John Alsap, manager of Donofrio's, made a big night of Christmas. Of course, it was not the first big night in the life of Alsap, who has celebrated entirely in harmony with the law of the land at various times in his career, but it was a night that will long stand out in his memory. Yet his breath was not even tinged with simple apple cider.

It happened thusly: The holiday crowds surged into Donofrio's and surged and surged. The chef and his assistants cried for help. Alsap, with his usual dignity, passed in and out among the guests who were getting restless. Reaching the kitchen he hurriedly tore off his coat, donned a white apron, rolled his sleeves and mixed the best salad the house ever served.

In Armenia alone there are 250,000 wandering refugees, most of them women and children crying "I am hungry, I am hungry."—A.P.
